MSDI

Keeping Colorado Communities Safe Since 1995

Types of Medical Waste

MSDI provides the following regulated medical waste collection and disposal services:

- Regulated Medical Waste (Red Bag)
 - Chemotherapy, Pathology, and Non-Hazardous Pharmaceutical Waste
 - Sharps Waste Collection
- Additional Services:
- Hazardous Pharm Waste
 - Dental Waste
 - Mail-in Services for Remote/Low Volume Customers

The DOs and DON'Ts of Choosing a Medical Waste Provider

DO

- Select a local, experienced provider
- Choose a provider who has local employees
- Contract with a State of Colorado regulated provider

DON'T

- Choose a risky, out-of-state broker provider
- Contract with a company without their own transport fleet
- Select a large multi-national corporation that bundles unnecessary and overpriced services

The MSDI Promise

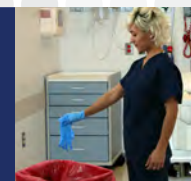

Like thousands of MSDI medical waste customers, you can be confident that your waste is being handled in a manner compliant with all governmental regulations by the premier medical waste services provider in Colorado.

Full-Spectrum Medical Waste Services

PROMPT COLLECTION AND REMOVAL

- Pickup by MSDI technicians
- Leakproof and sterile containers
- Courteous and uniformed staff

PROFESSIONAL TRANSPORT

- Specially-equipped DOT-approved containers
- Advanced logistics for route management
- Friendly and punctual drivers

SAFE STERILIZATION AND FINAL DISPOSAL

- Waste processed in our fully licensed, state-of-the-art processing plant outside of Denver
- Rotoclave® system disinfects all waste uniformly
- Sanitary final disposal in landfill

Medical Waste Compliance

Compliance to state and federal regulations is taken seriously in our industry for both generators and processors. As experts in medical waste management, MSDI helps you stay in full compliance regarding the processing of your regulated waste, including:

- OSHA compliance program planning
- Colorado Regulated Medical Waste regulation consulting
- Written waste management plan formation assistance
- Manifest for "cradle to grave" tracking of your waste
- Certificate of destruction for regulatory compliance

The MSDI Safety Care Team

Medical Systems of Denver, Inc. is the only locally owned and operated, full service healthcare safety company serving Colorado and the Rocky Mountain Region. We specialize in Medical Waste Pickup and Disposal Services, as well as Safe Patient Handling Equipment and Products.

Our goal is to make your facility a safer place to work.
